Hands-on Linux and Jellyfin server experience, with a background in customer service and documenting technical issues. Seeking a help desk or IT support role.

TECHNICAL SKILLS

Support: Windows, Linux Mint, iOS, Android, desktop and laptop troubleshooting, hardware and peripherals, software troubleshooting

Connectivity & tools: Modems, routers, Wi-Fi, basic networking, Microsoft Office, Salesforce, CRM documentation, customer support ticket management

PROJECTS

Jellyfin Multimedia Server | Personal Project

- Set up a Jellyfin multimedia server on a Lenovo ThinkPad T460p running Linux Mint 22.1 Xfce (64-bit) for personal media organization and streaming.

KevsTechHub | Tech Repair Business | kevstechhub.com

- Own and operate KevsTechHub, a technology repair business with an online presence at kevstechhub.com.

PROFESSIONAL EXPERIENCE

KISWIRE | Jun 2025–Present

Leadman | Jul 2026–Present; previously Production Worker | Jun 2025–Jul 2026

- Followed detailed technical procedures, inspected equipment, and reported machine issues while maintaining production quality and safety.

Retail Sales Associate | O’Reilly Auto Parts | Apr 2025–Jun 2025

- Assisted customers with automotive electronics, product selection, and electronic component troubleshooting; used POS and inventory systems to manage orders.

Residential Connectivity Sales Specialist | Spectrum | Feb 2025–Apr 2025

- Diagnosed and resolved customer internet, modem, router, and Wi-Fi connectivity issues.
- Activated and configured customer equipment; documented customer issues and resolutions in company systems.

Retail Sales Consultant | Prime Communications | Jul 2024–Feb 2025

- Provided technical support for smartphones, tablets, and accessories, including device setup, data transfers, and software troubleshooting.
- Helped customers resolve account and service issues and recorded interactions in CRM systems.

Production Associate | MAU Workforce Solutions | Jan 2024–Jul 2024

- Followed technical work instructions, inspected products, and reported defects and equipment issues.

Cashier | Walmart | Nov 2022–Feb 2023

- Assisted customers with self-checkout and POS troubleshooting, resolving scanning and transaction errors.
